How To Use The Multi-Grain B.D.C Elevation Adjustment

There are 3 grain sizes (50g, 55g, & 62g) and each window has an arrow indicating yardages.

Once you've decided which grain bullet you're going to use (only focus on that window).

Sight scope in @ 100yds! Once sighted in...

To zero scope in: Loosen the Hex screw on top of turret cap and twist the turret cap to 100-yds.
